(A) To qualify for membership rates, PPA membership dues must be current for the 2009-2010 Association year. New members may qualify for PPA member rates by submitting their completed membership application and first year's dues (\$99) to the PPA office with their convention registration form. **If you would like more information regarding membership, please contact Iva Brimmer, Business and Membership Manager, at the PPA office, 717-232-3817, or iva@papsy.org.**

(B) Students must be either PPA Student members or in full-time study. Documentation, if not a PPA Student member, is required at time of registration (i.e., student University ID card).

(C) Senior Discount rates apply to PPA members and non-members who are 65 years of age or older. Documentation is required at time of registration (i.e., copy of driver's license).

(D) Spouses/Family/Guests of convention registrants must be accompanying someone registered for the convention to qualify for this rate. This special rate applies only to those spouses/family/guests who are not psychologists or in the mental health profession (i.e., social workers, psychiatric nurses), but wish to participate in a program. One cannot be the guest of a presenter unless that presenter is registered for the convention. Please list the name of the registered family member or guest on the registration form.

WORKSHOP PRE-REGISTRATION:

In order to properly plan for the convention, please select which workshops you will be attending. Every effort will be made to register you in the workshops of your choice; however, due to space limitations or presenters' requests for limited numbers of participants, this may not be possible. Workshops are listed on the registration form by date, time, workshop number, and abbreviated title.

If you decide to change workshop selections at the convention, space availability and sufficient handouts cannot be guaranteed. Workshop pre-registration is first come, first served. If you choose to register on-site for convention workshops, please be aware that many of the workshops may already be closed.
